

B.R.M

The accessories

French manufacture created in 2003, BRM produces small series of watches with a strong sporty look. Faithful to its tradition and keen to complete its range, BRM introduces its cufflinks' collection in October 2011.

Their modular construction is BRM's own trademark and remains in the «Racing Spirit», dear to the brand.

You will find on the cufflinks, tie clips and key chains a piston shaped body of black PVD metal or brushed stainless steel and chrome metal.

The central plates are stainless steel powder coated enameled and offer a wide range of decor (flags, Gulf, BRM, checkered, etc...)

Each step from the manufacturing to the finishing is handmade in our workshop.

The pieces are not wrapped but made by removing material. This allows their molecular structure to be perfectly well preserved.

These stylish accessories have a sporty look.

Available in our outlets from october 2011.

Prices : from 110 € to 190 €
