

## The MK-44 Augusto Farfus

"MOTORSPORT IS ALL ABOUT LIGHT WEIGHT TECHNOLOGY AND PRECISION. THAT'S WHY I'M SO PROUD ABOUT MY PARTNERSHIP WITH BRM. THE BRM AUGUSTO FARFUS WATCH HAS MY COLORS AND MY STYLE. WE DECIDED TO MAKE ONLY 18 PIECES BECAUSE THAT WAS MY RACING NUMBER WHEN I STARTED RACING IN BRAZIL."

**AUGUSTO FARFUS**

### SPORTING EXCELLENCE

---

In record time, Augusto has become the fastest driver on the circuit in all the races he has driven in. With ten victories in the FIA World Touring Championship 2007, a win in the Nürburgring 24 hours and at the Eifel marathon in 2010, our champion also won the DTM rookie of the year award in 2012. BRM teamed up with Augusto and the MK-44 Augusto Farfus is the result.

A BRM watch with a resolutely Brazilian style, the back is engraved with the champion's signature. The lucky owners of one of the 18 exceptional watches will be presented with two passes to go and watch Augusto in DTM. They will be able to meet him in person and will be presented with their watches directly from Augusto's hands, in a special signed box.

### BRM EXPERTISE

---

The MK-44 Augusto Farfus is an ultra-light timepiece. Weight was of utmost importance in this project. Just like Formula 1 engineers pay attention to the slightest details on a car, to the nearest millimetre, BRM technicians orchestrated this watch right down to the last gram. The case is made of Makrolon, a material used in motor racing. It is used to build the side windows of various models of sports cars and has to be as light as possible. The same goes for the movement. Each part has been simplified to enable it to weigh as little as possible. The rotor weighs half as much as in an ordinary watch. Lightness, performance and style are the keys to this MK-44 Augusto Farfus.

### TECHNICAL INFORMATION

- Makrolon® case
- Titanium lugs, casing and buttons
- Waterproof up to 50 metres
- Sapphire glass on front and back
- Fortal HR back
- Superlight hands
- Grade I titanium screws
- BRM Base 7753 automatic chronographic movement
