## THE FFSA SERIES

A PARTNERSHIP WITH THE FRENCH FEDERATION OF MOTOR SPORTS (FFSA). WHAT MORE COULD WE WISH FOR? WE OBVIOUSLY HAVE PLENTY IN COMMON, STARTING WITH OUR LOVE OF MOTOR SPORTS AND INTRICATE MECHANICS.

BRM WOULD LIKE TO TAKE THIS OPPORTUNITY TO PRESENT A RANGE OF THREE FFSA WATCHES : THE V6-44, THE V6-44-HB AND THE V12-44

## SPORTING EXCELLENCE

Thanks to its partnership with BRM Chronographes, the famous French watchmaker, the federation receives technological support for the "paddle shift", a steering wheel mounted gear change system that is fitted on all single-seaters in the French F4 cup, the leading competition for single-seaters organised by the Auto Sport Academy federal training centre.

BRM supports the Auto Sport Academy by donating all the trophies presented on podiums as well as watches for the winners.

In 2014, BRM and the FFSA launched a limited edition of FFSA watches, with an exclusive exhibition at the Paris motor show. Find them on the BRM Chronographes website in the partners section.

## BRM EXPERTISE

Helping the careers of young and not-so-young drivers is an important part of BRM's partnership with the FFSA. The opportunity to unite two French brands such as BRM and the FFSA with the same interests and enthusiasm was too good to pass up.

The partnership has produced three models, the V6-44-FF- SA, the V6-44-HB-FFSA and the V12-44-FFSA. The three watches, each bearing the FFSA colours are the perfect illustration of our brand identity.
